DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 12-14 are rejected under 35 U.S.C. 102(b) as being anticipated by King, Jr. (US Patent 3,949,535).

King, Jr. discloses a method of installing a pair of bushings (14, 214) in an opening that extends between a first side and a second side of a work member (p1, p2) wherein the bushings are fitted in the opening and an expansion mandrel 11 is inserted inside tubular sections of the bushings and radially expanding the tubular sections of the bushings by drawing the mandrel through the bushings tubular sections causing a tight interference fit between the bushings and the work member, the tight interference fit sufficient to axially and radially restrain the first tubular section and the second tubular section with respect to the work member, wherein radially expanding the tubular sections of the bushings introduces fatigue enhancing residual stress in the work member, see column 3, lines 4668, column 4, lines 1-8, column 10, lines 20-61, column 11, lines 49-54, column 17, lines 45-65 and figures 16, 20 and 21.

Response to Arguments

3. Applicant's arguments with respect to claims 12-14 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
